

# GLASSNET

METHANOL-FREE, READY-TO-USE WINDSCREEN WASHER FLUID

## APPLICATIONS

**GLASSNET** is a methanol-free, ready-to-use liquid, suitable for cleaning circuits for windows and windscreens of motor vehicles during periods of frost.

**GLASSNET** is formulated with surfactants and Ethanol providing protection against freezing down to -20°C.

**GLASSNET** is an excellent windscreen degreaser and cleaner for mud splashes and other obstructions to visibility.

## BENEFITS

- Protection against freezing down to -20°C
- Instant action thanks to its excellent “wetting” power
- Fragrant
- Degreasing function ensuring great clarity of windscreens
- Protects windscreen washer circuits against limescale, particularly the nozzles
- It is anti-corrosive to rubber seals and paint
- Does not contain methanol

## USE

- **GLASSNET** is ready to use and is used as is in the vehicle tank without dilution.
- Can be diluted 1/5 by volume for summer use.

## CHARACTERISTICS

CHARACTERISTICS	UNITS	METHODS	TYPICAL DATA
Colour	-	Visual	Purple
Density at 20°C	kg/m <sup>3</sup>	NF T 60-172	955
Flash point	°C	ASTM D 53	30
Freezing point	°C	ASTM D 1177	-20
Odour	-	Olfactory	Flowery
