

LAVE GLACE MULTISAISONS

CONCENTRATED WINDSCREEN WIPER FLUID

APPLICATIONS

LAVE-GLACE MULTI-SAISONS is a concentrated, methanol-free anti-freeze cleaning fluid which is specially adapted for car windscreen wiper circuits.

LAVE GLACE MULTISAISONS contains Ethanol intended to be diluted in demineralized water in proportions varying according to the degree of protection against desired frost.

LAVE GLACE MULTISAISONS after dilution allows the degreasing and cleaning of windscreens, as well as the protection of tanks against frost.

BENEFITS

- High cleaning power for perfect and immediate visibility
- Anti-mosquito
- Does not leave grease marks on windscreens
- Frost protection according to the dilution percentage
- Compatible with rubber gaskets and paints
- Does not contain méthanol

USAGE

- The product must be diluted in demineralized water according to the degree of protection required :

ANTI-FROST PROTECTION	% LAVE GLACE MULTISAISONS (volume)
-35°C	75%
-30°C	66%
-25°C	58%
-20°C	50%
-15°C	42%
-10°C	34%
-5°C	20%

CHARACTERISTICS

CHARACTERISTICS	UNITS	METHODS	TYPICAL DATA
Appearance	-	Visual	Clear
Colour	-	Visual	blue
Specific gravity at 20°C	kg/m ³	NF T 60-172	887
50% pH in water	pH	NF T 73-206	7
Flash point	°C	ASTM D56	21
