

SOLV'CLEANER GREEN

VOC-FREE BIODEGRADABLE DEGREASING SOLVENT

APPLICATIONS

SOLV'CLEANER GREEN is a broad-spectrum degreasing solvent that is very effective on heavy organic and mineral soiling (grease, asphalt, adhesives, putty, polymers, etc.).

SOLV'CLEANER GREEN is particularly recommended to replace petroleum solvents (xylene, white spirits) in all manual degreasing applications.

SOLV'CLEANER GREEN is used by soaking (fountain, rag), spraying or brushing

BENEFITS

- Non-flammable
- Biodegradable
- High wetting performance for easy removal of greasy, fouling products
- Neutral with respect to viton and fluoropolymers. For other types, please contact us

Contains no volatile organic compounds (VOC)

CHARACTERISTICS

CHARACTERISTICS	UNITS	METHODS	AVERAGE VALUES
Appearance	-	Visual	Oily liquid
Kinematic viscosity at 40°C	mm ² /s	NF T 60100	3,9
Biodegradability	%	OECD 301B	100
Density at 20°C	kg/m ³	NF T 60101	875
Flash point	°C	NF T 60118	> 150

The typical characteristics provided are only approximate values

HEALTH, SAFETY AND ENVIRONMENT

Disposal must be carried out in compliance with applicable rules for the disposal of used lubricants.

Store in an area sheltered from bad weather.

The product has a shelf life of 4 years.

Our technical department is available to give you any advice you may need.
